Birds of Shollenberger Park and the Petaluma Wetlands

City of Petaluma
Dept. of Parks & Recreation

This checklist has been prepared by the Petaluma Wetlands Alliance in cooperation with the City of Petaluma, Department of Parks and Recreation. Additional information and pictures of the plants and animals here are posted at the Petaluma Wetlands Alliance web page listed below.

Shollenberger Park, Alman Marsh, and Gray's Ranch are very important wildlife habitat, and provide an opportunity for residents and visitors to see and enjoy the natural wonders of our area. Please treat the land gently.

___ Lesser Goldfinch	o	o	o	o

Old World Sparrows

___ House Sparrow*	c	c	c	c
--------------------------	---	---	---	---

Exotics

___ Mute Swan*	c	c	c	c
----------------------	---	---	---	---

The Petaluma Wetlands Alliance would like to welcome our new neighbors to Shollenberger Park. The new headquarters for PRBO Conservation Science is located adjacent to the park, and their scientists are assisting in bird identification and in our educational programs. You may know PRBO by its former name, the Point Reyes Bird Observatory.

The following symbols are used in this list:

<i>Seasons</i>			
SP	Spring	March through May	
S	Summer	June through August	
F	Fall	September through November	
W	Winter	December through February	

<i>Abundance Codes</i>			
a	Abundant	Species is very numerous	
c	Common	Almost certain to be observed in suitable habitat	-
u	Uncommon	Present, but not certain to be observed	
o	Occasional	Observed only a few times during a season	
r	Rare	Not present every year	
-	Not observed	Not observed in that season	

<i>Other Codes</i>			
*	Nesting	Has nested in the park
